

Complete the Cube

Age Group: Key Stage One & Two

Equipment:

- ✓ Cones.
- ✓ Soft balls.
- ✓ 2 x red noses.

How to set up:

- ✓ Split the playing area into 2 halves with a line of cones.
- ✓ Organise class into two teams, one on either side of the court.
- ✓ Create a cube on each side of the court made of 6 cones, place a red nose in both cubes.

How to Play:

- ✓ When the game begins, teams must attempt to pass the soft balls to their teammate who is in the cube on the opposite side of the court.
- ✓ If the participant in the cube catches a ball without it bouncing they must balance it on one of the cones that has created their cube.
- ✓ When each cone creating the cube has a ball balanced on top, the pupil in the cube must then put the red nose on to indicate completion meaning they are the winning team.
- ✓ Pupils are not allowed to go on the other teams side, however they are allowed to block the opposite teams passes.
